## HALLELUJAH... IT'S ABOUT DAMN TIME

Can I get an Amen? How about a HALLELUJAH? That's right boys and girls it's frickin' football season. Praise the Lord, life is good and all is well. OK, maybe I'm a little excited about this year, but hey can you blame me? Are you kidding, if your not excited about this year stop reading now...see I know you're as excited and whacked as I am when it comes to our beloved Steelers. I know yinz guys are "jonesen" for the chance to wave those sacred terrible towels, and dance to Beethoven's 9th Steeler Polka, cracking open an ice cold Iron City or I.C. Light, and chowing down on a Strip District sandwich. Oh yeah, that reminds me, time to stock up on the Peptobismo. We love how that Iron City runs right through you.

Ahh the memories of last year still run through my mind. All those special moments we shared together....We danced... we laughed...we cried....yeah we frickin CRIED thanks to those bastards the New England Patriots, not to mention Kris Brown. We should have known he would screw things up. His last name is Brown anything that has to do with or reminds us of Cleveland has got to suck and sure enough he SUCKED! Good luck Kris Brown and good riddance. One more year with him and I would have definitely had to sign up with the "Hair Club For Men".

Well enough about me. How yinz doing? You all know when the leaves start changing color, it gets below 115° in Phoenix and Cowher's jaw starts to ever so slightly protrude from his face it's time for FOOTBALL, YEAH BABY!! Are you ready for HAROLD'S and the Black & Gold's DRIVE FOR FIVE. Let's get the party started at Harold's on Monday, September 9th at 6:00 p.m.

## "YOI" MONDAY NIGHT FOOTBALL

"Yoi" and double "Yoi" Monday night Football at Harold's Corral. How about opening night? Does it get any better...playing those damn patsies on Monday night in their new stadium? Can we talk pay back? Ohh baby it's coming. First game of the year after eight months of waiting to get back on the field after a frustrating and heartbreaking loss. Can you imagine how fired up our "Men of Steel" are going to be? Damn it's going to be ugly! You thought the Boston Tea Party was something "taxation without representation" our boys from the Burgh will be representing the eight months of frustration. Get ready to "FEEL THE STEEL" New England it's going to hurt. Watch out Troy Brown because the Steelers "D" is coming after you and once Lea Flowers hits you you'll need to change your underwear giving a whole new meaning to your name Brown/Poopy Pants. I feel sorry for those chowder heads because our #1 ranked defense from last year lead the NFL with 55 sacks. Heads up Tom Brady the Steel Curtain is coming down, down on you. You'll be asking Alice, Marsha, Jan and Cindy to nurse you back to health. I got your Brady Bunch right here pal.
